

You are what you eat!

# Sustainable Food

Prepared by Leilani Ramona Katimbang-Limpin  
Chief Executive Officer  
OCCP Inspection and Certification Services Inc.

# You are what you eat!

**"Healthy sustainable food can only come from healthy sustainable agriculture" \***

\*Source: Report - Organic Agriculture and the sustainable development goals

**SUSTAINABLE DEVELOPMENT GOALS**  
3 GOOD HEALTH AND WELL-BEING

**IFOAM** MAKING EUROPE MORE ORGANIC  
**EU GROUP**

**ORGANIC IS PART OF THE SOLUTION**

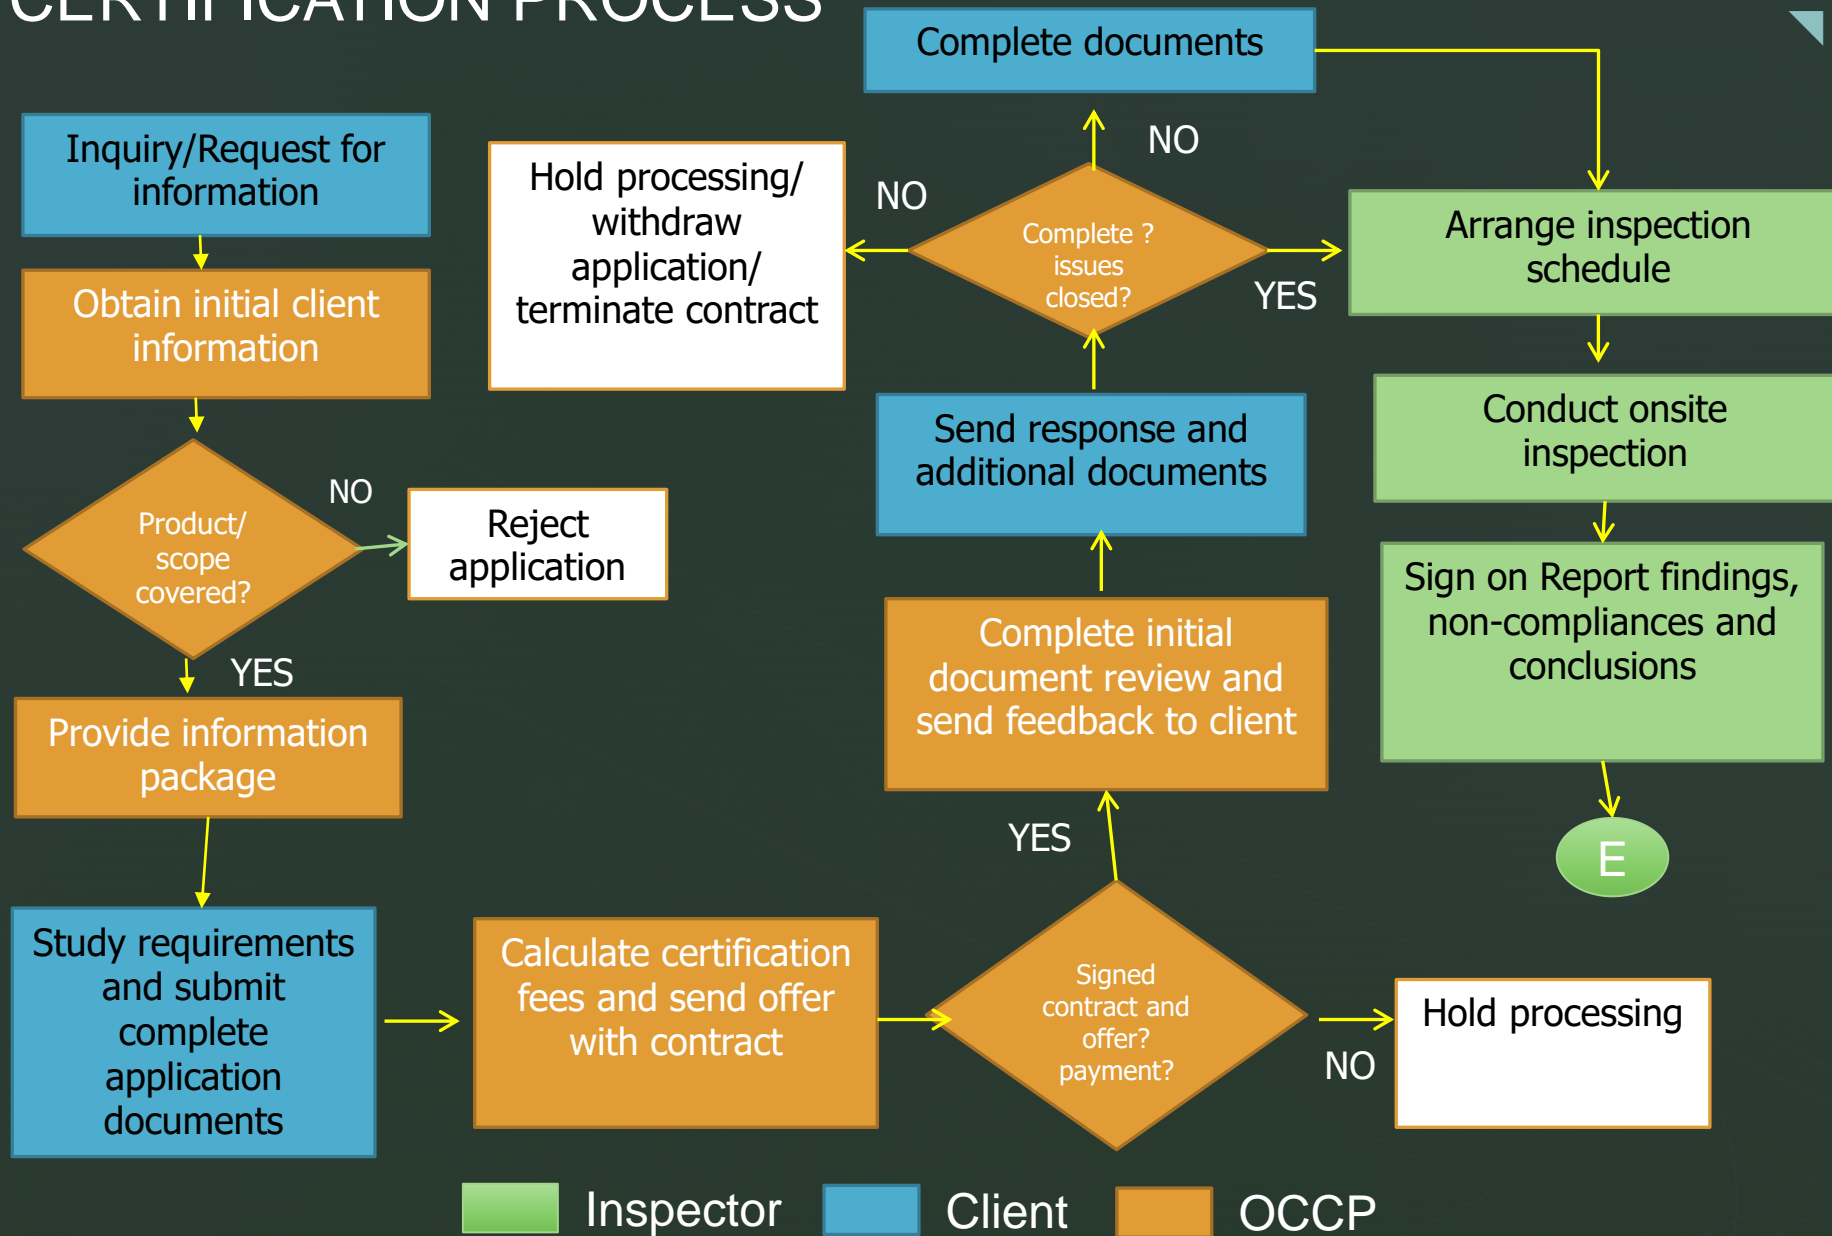

Organic agriculture generally applies agricultural production system that promotes environmentally, socially and economically sound production of food and fibers and excludes the use of synthetically compounded fertilizer, pesticides, growth regulators, livestock feed additives and GMO.
